

Press Release #4

Consortium holds Multiplier events

The consortium is hosting various multiplier events that are aimed at disseminating OBEC's intellectual outputs and creating future synergies between stakeholders and the target audience.

Swideas (Sweden) held the first of two multiplier events on 15 June. CEO of Chainvine and Blockchain (BC) expert Oliver Oram explained the uses of BC as certification for different sectors and the benefits it has to the educational sector. You can watch the recorded live stream of the event [here](#). The next event takes place on 15 September where Juho Lindman, director of the University of Gothenburg Blockchain Lab, is set to speak.

SIMORA's (Croatia) Multiplier Event took place on 12 July in Sisak, Croatia. Andreja Šeperac presented the scope of the project together with the possibilities of BC technology to validate and share educational credentials. The event was a stepping stone toward future synergies between stakeholders.

EURADA (Belgium) is currently organising its Multiplier event that is going to take place on the 22nd of September in Brussels. Key stakeholders are set to discuss the general project methodology from a European perspective.

Lai-momo (Italy) celebrated International Women's Day by organising an event where the city councillor for equal opportunities of Casalecchio di Reno started the session and a teacher introduced the project to the audience.

UNIURB (Italy) is currently organizing Multiplier events in the premises of the university, with several planned interactive activities aimed at supporting understanding of the participants in regard to BC.
